Additional Special Instructions:

*We deduct 1/2" off the ordered width of inside mount shades. No deduction on outside mount, headrail and shade are same width

*2 on 1 shades are two shades on 1 headrail, 3 on 1 shades are 3 shades on 1 headrail. Shades width added together must equal total width of headrail. We will made deductions for 1/2" gap between shades. The lift control can be on the left or right side of any shade, please specify. Price by overall width; EasyRise surcharge is per shade.

* Duofold Option - Please specify control positions for the top down control and the bottom up control, one control must be on the left and one control on the right.

* Standard valance drop is 7". Longer valances are available, see price chart for surcharge.

* Edge binding will be added to the sides and bottom of both the valance and the shade unless otherwise specified.
